SUBJECT.

Appointment of Mr A. S. Raghavachar as Vice-President
Bangalore

W D 88—GPB—50,000—24-7-16

Memo for the information
of the Dewan

I have carefully considered the present requirements of the City Municipality and am decidedly of opinion that the time for an elected President or Vice President has not arrived. For various reasons the administration of such a large city as Bangalore should be kept under the control of an officer directly responsible to Govt and so long as the President is appointed by Govt or rather so long as the Deputy Comm^r of the District continues the ex officio President as required by the provisions of the present Regulation it seems inexpedient that the Vice President should

be elected. The functions of a Vice President are entirely auxiliary to those of the President and under Sec. II of the present Regulation "the Executive power and responsibility shall be vested in the President and in his absence, or under his control and in accordance with his orders the Vice Presidents" The intention is quite apparent the responsibility altogether attaches to the Deputy Comm^r who is a Govt. Officer and it is to help him, without detracting from his responsibility that a Vice President has been authorized to be appointed. In fact the Vice President is the real working assistant of the President and has to identify himself with the President — So long as the Executive head of the Municipality

continues to be a responsible officer of Govt directly under its order I do not see the utility of having his assistant elected ~~by the~~ or rather who more accurate nominated by the Municipal Commissioners who are themselves appointed by Govt.

It is of course different if as thought of once by the Diwan the President is separated from the Deputy Commr The President does not seem to admit of such solution and as far as I am concerned ~~concerned~~ cerned I am free to state that it is inopportune to allow the Deputy Commr to separate himself from the Town In this question as it may - it is certain that so long as there is a President appointed by Govt it is uncalled for to give the Power

Dr Jodi,
the best way of
trying the experiment
of a non-Official President
is this:— The Vice
Pt elected may be
allowed to do
all the duties
the Pt being forced
to interfere when
absolutely necessary.—
If the non-Official Pt works
well under such a
control, he may
then take off the
Official Pt altogether.—
Sooner or later, the
connection of Govt
Officer with municipal
admn must be
withdrawn, & the
best way of beginning
is not with a
Non-Official President—
but with a non-Official
Vice President.—

ll

of nominating
working assistant to
the Park Commissioners
who are themselves
appointed by State Govt.

Next with regard to
the saving proposed to
be effected I think it
is a mistake to effect
this economy. The only
working officer of the
municipality is the
Vice President and it
is no exaggeration to state
that if he does his duty
properly he must devote
his whole attention and
time to this work. I cannot
resist the temptation
to record here my admira-
tion of the work done by Mr
Sheneva Sacharles and
it is not always that
men of his disposition
are found. I know it
from personal knowledge
that he was devoting his

who do give attention to his work and am not aware of his having spared much time to any private avocations or even amusement. I very much doubt that a candidate would be forthcoming if the present emoluments (be they called allowance, and the name does not make any difference) are reduced - On the other hand it seems to me that the pay of the office should be raised to attract the services of a really efficient professional gentleman knowing both engineering and sanitary science and also well up in administrative matters. Before doing any such thing the whole budget of H.M. Municipality requires

a thorough overhauling
from the limited experience
I have yet gained of
this institution. My
idea is that money is
at present frittered away
without a system and
the consequence is that
though the roads & streets
are kept well swept
and clean from day
to day there is not much
permanent good secured.
The establishment is also
made up of petty officials
with high sounding
designations such as
Lighting Inspector, Sanitary
Inspector &c &c and
their pay varies from
70 or 80 Rupees to about
60 Rupees. The assessor
being the only exception
and in his combined
capacity getting as much
as a hundred Rupees. It
is of course impossible
to change all them at once

and introduce sweeping
reforms - I have alluded
to them to show that the
Vice President has to
deal with a lot of petty
officials and with a variety
of matters. I do not
think the appointment
could be made honorary unless
under such Vice President
another working Secretary
is appointed and I fail
to see the advantage
of having two men in
the place of one only
to meet the cry for an
elected President - For
the reasons above set
forth I am not prepared
at once to recommend
any change in the
functions of the Vice Presidt
When a man is forth
coming who is both
a practical administrator
as well and a Sanitary
Engineer we may then

think of raising the
emoluments of the
office and abolishing
home fees - We then
we must have a
working Vice President
at present and the
question is one of selecting
from among the available
candidates - In addi
tion to the two
names mentioned by
the Diwan I named
to members
M. Ananda Venkata Rao
Asst Engineer whose
application I sent
to the Diwan - and
M. Ananda Rao
advocate of Mysore
who I see I have
seen the Diwan on
the subject.

Taking all the circ
into consideration I think
M. Raghavachary
who has so long been
connected with the

municipality and
has more than once
acted with success
may be confirmed
both he & Mr Ram
Sanjaniya were appointed
Municipal commissioners
at about the same
time and both have
taken interest in their
work - Mr Rajhansraj has
has acted more than
once - is young and
ingenious - Mr Ram
Sanjaniya has a pros
pect of joining the British
Secret Deptt - Major
Macmillan has also
recommended Mr Rajha
-nsraj strongly.
He will of course be liable
to be transferred to other
appointments whenever
a better and a professionally
qualified Vice President
can be had for what
may be considered a decent

pray. I have not
asked Mr R but I
think he will elect
Bremani in service
and pay contribution.

Yours sincerely
[illegible]

~~Chairman~~

I confess that I do not myself quite like the idea of having as Vice President a Govt. official deputed from the General Service — Nor am I satisfied that the Ex officio Presidentship of the Dep Commrship is the best for public interests. If we can get a good strong man a paid President is the best thing for public interests — and the labour can at once be attended so as ~~to~~ to permit of such an appointment. If we are to have such a paid President the Vice President need only be an honorary appt., but with the Dep Commr as Ex officio Pres. the work practically falls upon the Vice President. Else I think Mr he should be paid for his work. I have my doubts about Raghavachariar's completo fitness for the post. Advocate Ananda Rao Mr the latter - Asst Govt Counsel tho has 33 yrs positive Experience. he may reserve the Sats for discussion when he next meet — Yours 2/5/90.

As the City Municipal
Board is composed of Members
appointed by Govt and
the elective system has
not yet been introduced
it is premature to give
the Board the power
of electing their own Vice
President.

The representative
principle, the grand invention
of modern times
is, no doubt, of great
benefit to the good

administration of Municipal Funds
but we must provide checks
and balances which
would be sufficient to guard
against cabal and
intrigue and individual
ambition of any particular
class or caste. If we
could get intelligent
and independent Members
from each class of the
community, to sit on
the Board, so that all
classes may be effectually
and properly represented
I would certainly advocate
the immediate introduction
of the elective system
and leave the selection
of President & Vice President
to the Members of the Board —
But want of sufficient
education and intelligence
and the difficulty of
getting Members from all
castes and creeds render
the postponement of the
introduction of the elective system
unavoidable for the present —
I am, therefore, in
favour of at present adopting the Vice President's
one who could decide all ties. Not if it is done after the
by Laws, in his vote, counts. What "money is at present plotted away without a
system, and the consequence is that attempt the term 5 years an right well Smooth

the Municipality, subject of course to the General control of the Board. He must the whole of his time to the work. I do not think Messrs Ramachandra Rao and Rajagopalachariar are well qualified for such an appointment. Either Anandarao or Rajagopalachariar has, in my opinion, proper qualifications I would give another the preference. One of an assistants drawing Rs 300 or 400 may be appointed. The salary of the appointment should not be less than Rs 500. with a good Pandal as such as it would be unnecessary to have a Vice President as well as assistant.

Rd Thumboo Chetty 20

I do not agree with the Collector of Vizagapatam in the proposal for of electing Representatives, nor do I agree in the view that unless the Members are elected, the Vice Pt should not be allowed to be elected by the Members.

We may leave things as they are till the Dewan returns, but I think that it is not meet to allow the Rev Asher to draw his own pay (Rs 100) as Chr, & 150 Rs as Vice Pt. We may appoint Raghavaraz as Vice Pt substitute, & allow the Dt Court to appoint her Chr, empowering him further orders. When Raghavaraz were elected they will have to transmit the Rs. Orders have to be issued by the Dewan.

Receipts – octroi 2. The income from Octroi on Betel Leaves and Cocoanuts is entered as a lump Sum. The revenue from each of these articles should in future Budgets, be shewn Separately.

3. The increase of Revenue noticeable under "Tax on Professions and Trades - M'Shtorp and "Land Revenue" is large The increase of Rs 2400 under the former head is said to be a part of the ~~disputed~~ arrears of enhanced rates on Shops which is proposed to be collected during the current year. Under "Land Revenue" provision of Rs 2,000 is made for the arrears of previous years' Revenue due by Govt. from 1881/2 up to 1884/5. Calculated on an average ~~of~~ Estimate of Rs 5,000 per annum. The Revenue due for 1885/6 has been properly excluded from the Estimate as it becomes due at almost the close of the year and

is received by the Municipality in the following year. Under these circumstances the increased Estimates are passed. The Dy Commr. Bangalore District is requested to expedite the Submission of the Refund Bills on account of the arrears of Land Revenue actually due to the Municipality.

4 On the Side of Expenditure it is observed that, in the Budget Submitted, the pay Rs 85 per mensem of the Municipal Collector and Ex-Officio Manager has been entered under a separate head "Supervision and Management" instead of being as heretofore proportionately charged to the heads of "Collection" and "Head office". The necessary alteration has been made in this Office. Expenditure

5 The net increase of Rs 13080 provided for in the Estimate of Expenditure is due chiefly to the large provision of Rs 10934 made under "Reserve"

In Explanation of this the Vice President stat that the increased allotment is needed to enable the Board to carry out several projects now under contemplation which when decided will be laid before the Board at their ordinary Monthly meetings for approval. This process is allowed to stand subject to all appropriations made therefrom being duly reported to this office for Sanction

6- Of the other increases entered in the Budget of Expenditure, those noted in the margin have already been sanctioned. In addition to these, provision has been made under "P W Supervision" for a P W. overseer on Rs 55+15 allowance, in all Rs 70, instead of an Engineer as in the past year's Budget on Rs 80 and for the pay Rs 15 of a Sub- overseer, employed for the Supervision of Suburban Roads who

The net increase under the head is Rs 60 per annum The increase of Rs 492 under "Education" is due to the provision made for extra grants-in-aid to Schools noted in the margin. Under the head "Conservancy", a sum of Rs 446 has been entered in excess of the provision for last year, to meet the cost of providing additional Conservancy Carts which are said to be very necessary. The allotments under "Road watering" and "Other Miscellaneous" also shew slight increases viz Rs 200 and 378 respectively. These increased provisions are ~~passed~~ approved

Letter from the Vice President, Bangalore City Municipal Commission, No. 634, dated 16th March 1885, submitting the Budget Estimates of the City Municipality for the year 1885—86.

No. 1518-22—55, DATED 2ND JUNE 1885.

ORDER THEREON.—The receipts of the Bangalore City Municipality for 1885—86, exclusive of a probable opening balance of Rs. 12,000, are estimated at Rs. 1,06,100, against Rs 86,820 of last year showing an increase of Rs. 19,280. Reporting that as directed by the Dewan Mr. A. S. Raghavacharlu has been requested to take charge of the duties of the Vice President

The arrangement so far as it is a temporary character, I would allow the Deputy Comr. to let Mr. Raghavachar'u be in charge when Mr Srinivasa Chetty (who was the former having acted on several previous occasions. Mr. Srinivasa Chetty is now the Attorney provided, as under Secy.) & we must make some new appt. permanently. I know of two Candidates

1. Murugangiah. late Amildar Bukshi
2. Raghava chetty Dt Rev Sher.

Both have long been Mun! Comrs & know Bangalore well — we may perhaps engage if Raghavachar will resign further service under Mun! Vice Prest. & whether he will retain an appt & pay the Govt. contribution for pension. Murugangiah &c will I think retire & take up the V. Prestship, but he is like the talkers over by

Dated over to the Dewan I know nothing of this. I observe that on the 20th March 1885 it was considered desirable to have a non-official Vice President. — LL 4/3/90

If the appointment is agreed, a notification may issue to be inserted in the Gazette. LL

The British Postal Dept. & he had better go to the Large Store.

I must thank you for any suggestion before final Disposal of the Vacancy—

Mr. A Srinivasa Charlu is now gone to Trichy but expects to return to assume Charge of London Secretaryship on 1st April.

I have no objection to the appointment of either of the men named, provided he resigns the Govt Service. I do not however like the idea of allowing the members to elect their Vice Presidents the elected ones being only entitled to the carriage allowance of Rs 50 per mensem.— Were we to elect a City Mr election, I think we might allow it & leave the salary to Govt?

Bangalore
15th July 1890

Dear & Revd Sir.

After taking leave of Mr Chentsal Rao on Sunday evening, seeing Bro was engaged & not wishing to disturb, I came away. He is of opinion that if a separate whole-timed President be appointed for the Municipality there would be no necessity for another V.P, but that the question

Bangalore
22nd July 1870

Sir,

With reference to Pro: No 3552-3/157 of 14th Inst. appointing me acting President on 150 Rs a month I respectfully beg to submit that the question of my remuneration may kindly be reconsidered so that I may not become a sufferer by the change

The V.P's allowance here was purely honorary,- meant for a carriage; but if it is to be my future pay, I humbly beg to submit that it is quite inadequate to meet even the expenses incidental to the appointment. As acting V.P I have been drawing in all Rs 250, and being confirmed, I reasonably expected to get something more. In the Mysore Municipality

the City Amildar gets 175 for collections alone, & the V. President there about Rs 700 (including of course his pay as Sanitary Engineer), besides the sum of 250 allowed to the President. The area of Mysore city is smaller, income lesser & population two & a little less than in Bangalore Town. —

In the Cantonment Municipality, the Supervision charges of Mr Preiss are account, I believe, to nearly 2,000 Rs monthly: Although its

income & population over larger the area is limited, & Dixon side by side with its highly paid staff is not an easy task. If the Town charges (250, including Presidents allowances) are to bear comparison or proportion with such charges elsewhere, it has to be quadrupled at least to what it is now. —

Under these circumstances I earnestly solicit favor of you kindly reconsidering

the Secretary fixing
my pay at $7.00 at a
figure in due proportion
to the duties & responsibilities
involved in the appointment,
& as would meet adequately
my reasonable private
expenses as such -
Begging to be excused for
the trouble & soliciting early
orders on the point,
I beg to remain,
Yr. Obedt & Humble Servt
